Personal statement

Computers had always inspired me. Growing up as a child, I watched my father set up computers and networks, and I was always fascinated when he explained the steps and procedures to me. I also loved playing computer games and was curious in understanding the science and concepts behind it, prompting me to be more determined in creating one for myself using programming languages such as Python, Java, HTML, C++ and so on. I am an ambitious and inquisitive person who loves to learn new things and evolving technologies; a trait which helped me in achieving some IT certifications such as the CompTIA Linux+, LPIC-1 Certification, SUSE Certified Linux Administrator, Amazon AWS Cloud Practitioner and more to come in order broaden my scope and knowledge.

Key Skills

- Highly organized and disciplined with a passion for Information Technology.
- Knowledge of multiple programming languages.
- A positive, high energy team player.
- Able to quickly learn new technologies.
- Good coding skills.
- Willing and ready to improve.
